

Advancing Professional Excellence in the North Pathways to CMC Designation and CPA Career Opportunities

As a recognized partner of the CMC-Canada Program, the Polytechnic Institute of Northern Canada is proud to support learners and professionals in building meaningful, high-impact careers in CPA organizations, business, finance, and management across the Northwest Territories.

We provide specialized training, professional competencies, and experiential learning to help you grow as a strategic advisor, management consultant, and organizational leader. Through our programs, adult learners and working professionals gain practical, real-world consulting skills grounded in ethical practice, analytical decision-making, organizational strategy, and client relationship development.

Benefits of the CMC Designation

The Certified Management Consultant (CMC) designation is recognized globally as the professional standard of excellence in management consulting. It demonstrates credibility, capability, and a trusted commitment to effective, ethical advisory work. Earning the CMC designation through the Polytechnic Institute of Northern Canada and CMC-Canada provides a strong foundation for leadership in consulting and organizational decision-making.

The benefits of a CMC Designation include:

- Gain opportunities for advisory roles in CPA organizations, private industry, government, Indigenous organizations, and not-for-profits.
- Opportunity to provide Management Advisory Services (MAS) to eligible small- and medium-sized technology businesses through CMC-Canada, **funded by the federal government**.
- Enhanced knowledge of the consulting profession, best practices and ethics not officially taught elsewhere – including a suite of online tools and resources to support your consulting/management practice, including research databases and templates.
- Access to all the benefits of a CMC-Canada membership, including ongoing professional development, networking opportunities, access to their mentorship program, exclusive business insurance plans, and more.
